

CASCADE HOSPITAL FOR ANIMALS PRESENTS:

“Stem Cell & Laser Therapies” by Dr. Amy Hoss

RSVP

PLEASE

chfa@chfa.net
or
(616) 949-0960

For the comfort and consideration of other attendees, as well as demonstration animals, please leave your pets at home. Thank you.

We look forward to seeing you there!

Dr. Amy Hoss will discuss how Stem Cell Therapy

Date: Wednesday, February 17

Time: 7:00 PM

Where: At CHFA Facility

can alleviate or relieve pain from osteoarthritis and other diseases in pets by using the DNA from their own cells.

Dr. Hoss is one of the few veterinarians in the area qualified to perform this innovative new treatment.

She will also discuss Laser Therapy and the many applications it is used for to alleviate pain and discomfort for your pet. A live Laser Therapy Demonstration will also be performed. Refreshments will be provided for your enjoyment.

Watch a LIVE
Laser Therapy
Demonstration!
